Region 8 is a participant in several student employment initiatives, such as the Multicultural Workforce Strategic Initiatives (MWSI); the Student Temporary Employment Program (STEP); Student Career Experience Program (SCEP); and the 1890 Scholar Program. As the Student Initiatives Program Coordinator for Region 8, I provide technical guidance, and assist the Civil Rights Director in providing oversight in all matters relative to student employment programs. I offer coordination in a variety of areas relative to the administration and management of regional student initiative programs. Some of my specific responsibilities include reviewing and monitoring the management of regional student initiative program activities in such areas as budget and financial management, personnel and travel management, grants and agreements, and compliance with regulatory guidance and policies.
